

The Future of Transport in Cheshire West and Chester

Let's talk about...

Transport

The Future of Transport

Let's talk about...

Transport

Cheshire West and Chester Council are starting the conversation in developing a new, long-term plan for transforming transport across our borough.

We would like to hear your views.

Visit www.cheshirewestandchester.gov.uk/LTP4

- Transport shapes our lives and communities, connecting people to opportunities, defining our neighbourhoods, and supporting our businesses. It is key to tackling climate change and combatting poverty. We know there is work to be done to ensure that our transport systems truly deliver on our strategic ambitions.
- In this initial stage of engagement, respondents are being invited to provide their views on the borough's current transport system and the big issues we face, to develop a draft vision and priorities for the future of local transport. This will form the basis of the borough's Local Transport Plan 4.

Our Ambitions

Let's talk about...

Transport

By 2040, the transport system will help Cheshire West and Chester become a borough of thriving, caring and greener communities.

We will all benefit from a system that is sustainable, affordable, adaptable, and accessible to everyone, facilitating excellent quality of life, attractive neighbourhoods, thriving businesses, and inclusive prosperity for the urban and rural communities which make our borough unique.

Draft vision

Improving health and wellbeing

Boosting our local economy

Creating great places to live

Draft priorities

We want to know what you think...
